

What doesn't kill us  
might not make us stronger....

...but it does give us  
pretty good bragging rights!

Doing well!

Hope you're all ~~fixed up soon~~.

Thanks so much for making  
us giving us a sense of  
steadiness. ~~and~~ We don't  
doubt your ability to help  
(which we hopefully seldom  
need), when so many other  
things these days are so  
very sketchy. Respectfully &  
w/ Gratitude
