

## **Board Action Request**

**SUBJECT:** TFD Apparatus Surplus  
**DATE:** April 27, 2022  
**FROM:** Genaro Rivera, Deputy Chief

---

### **Background:**

Staff is recommending the surplus of one 2009 Chevy Pickup Truck. This pickup truck needs a new transmission replacement (quote attached) and in lieu of the high expense for the repair, staff is recommending that we surplus the truck. This truck has 179,711 miles. This truck is used in the wildland group and used by staff for transport to training classes. Surplus of this property will be through a public auction company that we have used in the past and they do have a consignment fee. Sierra Auction in Tucson is the name of the company.

This staff vehicle is slated for replacement in the FY23 CIP.

### **Fiscal Impact:**

This will be a small revenue source for the District.

### **Legal Review:**

N/A

### **Alternate Option:**

Provide staff with additional direction

### **Staff Recommendation:**

Staff recommends surplus of a 2009 Chevy Pickup Truck.

### **Proposed Motion:**

Move to authorize staff to surplus one 2009 Chevy Pickup Truck, shop #1039
